

## **THE ART OF DIGITAL IMPLANTOLOGY**

### **ADVANCED COURSE**

***FAENZA ,ITALY 3 DAYS , 1 live surgery***

#### **FIRST DAY, morning**

Welcoming participants and presentation of the course

Minimally invasive surgery and immediate loading: state of the art

Digital implantology: workflow and clinical indication

Full edentulous cases:

fabrication of the radiological stent, double scanning technique, virtual implant planning

Laboratory procedure: pre-fabricated prosthesis for immediate loading

Surgical protocol

Video cases, Discussion

#### **FIRST DAY, afternoon**

Full-edentulous arch Case discussion

Hands-on training on the software by participants; acquisition of Dicom data, 3-d reconstruction of anatomic structure, matching of radiological stent, implant planning. Guided implant insertion on simulators.

#### **SECOND DAY, morning**

Smart Fusion Protocol: indication and limits

CT + master cast scanning, DICOM data matching with virtual cast, digital planning

Prefabricated prosthesis, surgical Protocol and immediate loading Hands-on training on the software by participants; acquisition of DICOM data, 3-d reconstruction of anatomic structure, matching of radiological stent, implant planning. Guided implant insertion on simulators

#### **SECOND DAY, afternoon**

Guided surgery in complex cases: Atrophic patients

Guided surgery in complex cases, full digital and Open Source

### **THIRD DAY, morning**

**Live surgery** session on complex case.

Video cases Discussion

### **THIRD DAY, afternoon**

Hands-on training on the software by participants; acquisition of DICOM data, 3-d reconstruction of anatomic structure, matching of radiological stent, implant planning. Guided implant insertion on simulators

Video cases Discussion and Conclusions

### **BANK TRANSFER**

**Bank: INTESA SANPAOLO**

**Bank address: via Naviglio 18/20 FAENZA (RA) 48018 - ITALY Account holder: DIGITAL IMPLANTOLOGY EDUCATION IBAN:IT32 N0306923799100000004195**

#### **HOTEL VITTORIA \*\*\*\***

The recommended structures were selected according to the typology and the proximity to the location of the Studio of Dr. Giampiero Ciabattoni.

The express distance (purely indicative) is the pedestrian pathway to reach our venue. Participants can benefit from discounted rates (refer to "DIGITAL IMPLANTOLOGY EDUCATION convention").

However, it is advisable to always check the availability of any offers at individual facilities and on booking online sites. The reservation must be made directly by the person concerned by contacting the chosen facility after checking the availability of the rooms.

## **TRAVEL INFORMATION**

If you travel by car

Motorway A14 exit "Faenza". At the exit of the highway take the roundabout and take the 2nd exit on the right (Via Granarolo) direction "Faenza".

Continue straight until the second roundabout, cross it and continue straight for about 200 mt. Turn right (Via Mengolina), the street divides two "mirror-wave" buildings with photovoltaics (in the right-hand building on the ground floor there is a large bathroom-furniture "Solaroli"). Over the buildings, Turn right and park, at the 18th floor, 2nd floor, the Studio Dott.Giampiero Ciabattoni.

If you travel by train

FS Faenza Station. At the exit of the station there is a taxi rank (Studio Ciabattoni is 10 minutes by taxi from the railway station).

If you are traveling by plane

The nearest airport is the Guglielmo Marconi Airport, Bologna (50km from Faenza), from where Faenza can be reached by shuttle + train (50 minutes approximately trip).
